SUPPORTING ENVIRONMENTAL EDUCATION IN THE CLASSROOM

Environmental Education Seminar

Lesson Plans and Concepts for Teaching Environmental Ed!

This December, EcoSource is offering an after-school Professional Development seminar for teachers in Peel.

The seminar will include both an indoor and outdoor component. In the first workshop, **Winter Activities for Outdoor Learning**, participants will head outside and learn hands-on activities for teaching class curriculum in the great outdoors. The second session, **Creative Reuse for Science Success**, will offer strategies to teach interactive science units in an environmentally-responsible fashion and on a tight budget!

All participants will receive a FREE *Teaching Green Learning Guide* and a full catered meal.

There is no cost to participate, but spaces are limited. For more information or to register for this unique opportunity, contact Katya Seckar at kseckar@ecosource.ca or 905-274-6222.
